

## Welding torches

| Model                                  |    | YT-20CS4                                     | YT-35CE4                                     | YT-50CS4                                     | YT-50CS4                                     |
|--|----|--|--|--|--|
| Cooling type                           | —  | Air-cooled                                   |  |  | Air-cooled                                   |
| Rated current                          | A  | 200  | 350  | 500  | 500  |
| Rated duty cycle                       | %  | CO <sub>2</sub> : 50, MAG: 25                | CO <sub>2</sub> : 20, MAG: 20                | CO <sub>2</sub> : 40, MAG: 35                | CO <sub>2</sub> : 40, MAG: 35                |
| Applicable wire diameter <sup>*1</sup> | mm | Solid / Flux cored wire<br>0.9, (1.0), (1.2) | Solid / Flux cored wire<br>0.9, (1.0), (1.2) | Solid / Flux cored wire<br>(1.2), 1.4, (1.6) | Solid / Flux cored wire<br>(1.2), 1.4, (1.6) |
| Cable length                           | m  | 3  |  |  | 3  |

\* Rated duty cycle(%) is based on JIS standard.

\*1: Diameters in ( ) can be used with optional parts.
